Page Watermarks. They correlate with the Home Menu Button, which allows user to sort for these items

abc

Sort by title, in alphabetical order

Sort by people, owner of the stream, in alphabetical order

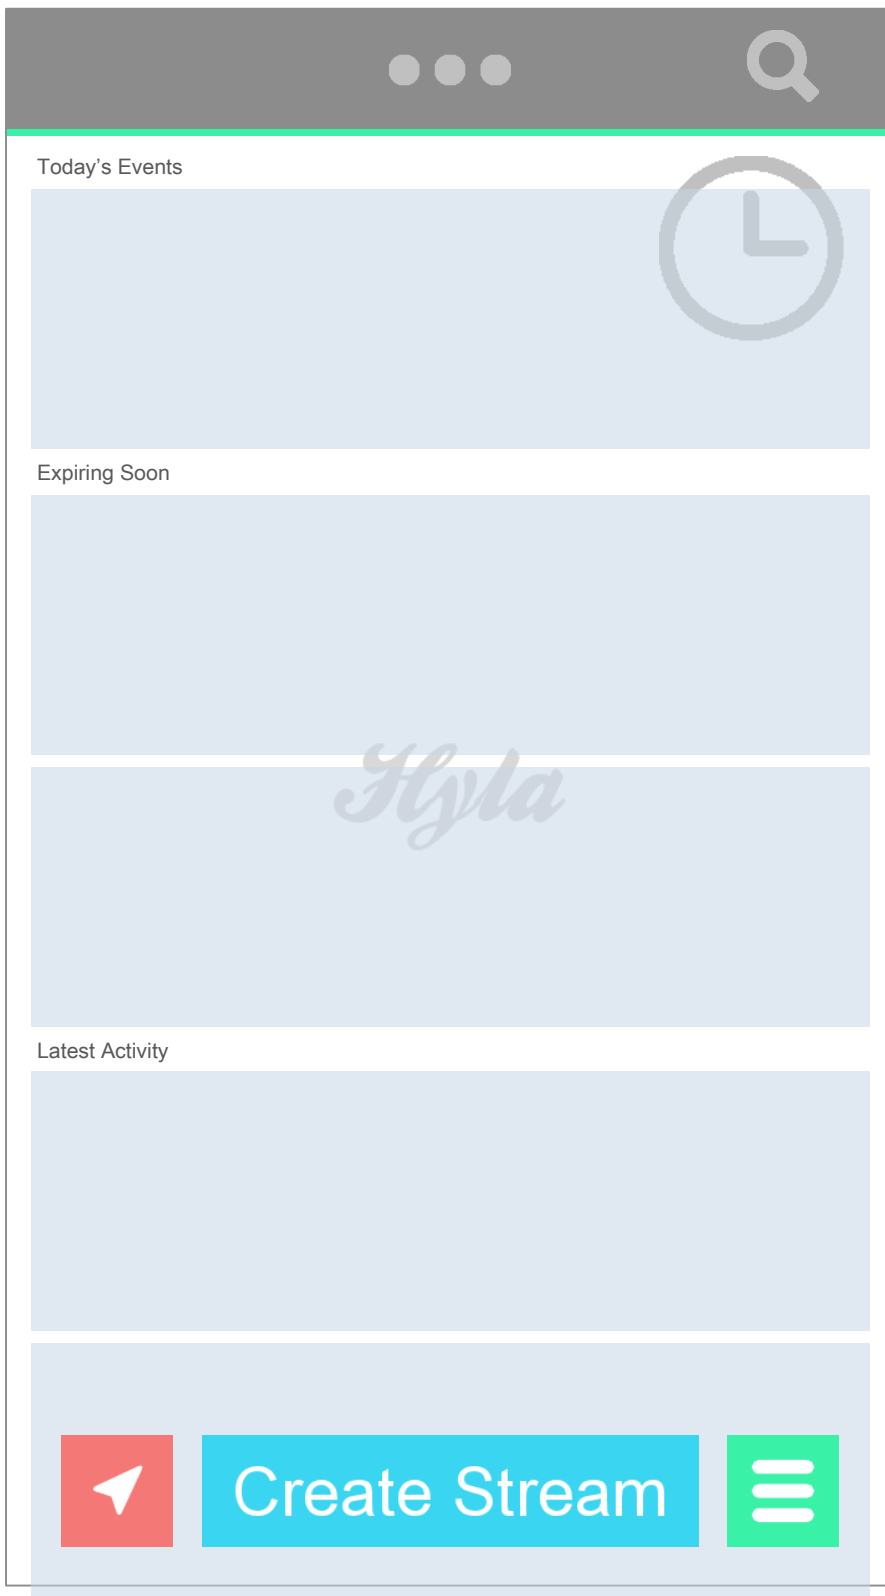

Sort by privacy, in order by title or if no title the owner of the stream's name

Sort by most active stream = ripples+likes+dislikes

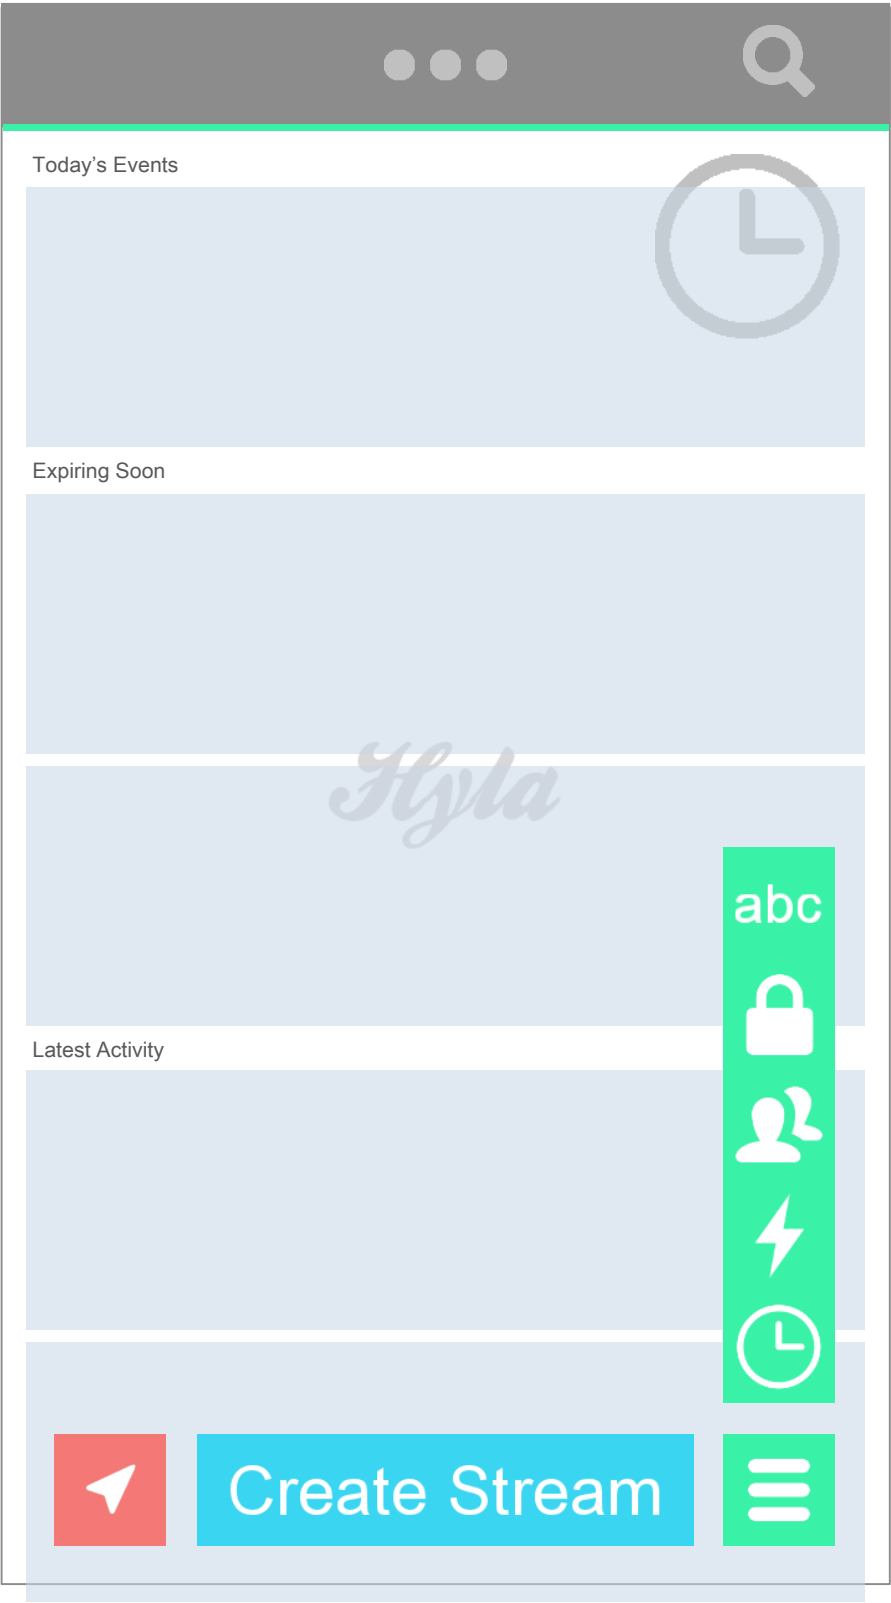

This is a page marker. It points to the users last spot on the stream. When scrolling it moves, pointing to that last spot. If it is tapped, it will return the person to that spot. For new streams and home, it returns user to top of page

- + Today's Events = All streams that have you in them, and a date/time for today
- + Expiring Soon = All streams expiring within 24 hours
- + Latest Activity = Everything listed by last modified
